

Placer Repertory Theater

Performing arts, cultural & economic enrichment for Placer County

AUDITION NOTICE

Placer Repertory Theater 2023 Company Membership

Placer Repertory Theater seeks non-Equity actors (SAG/AFTRA welcome) for 2023 Company Membership. Auditions and Interviews will be held in January 2023. Adults of all ethnicities, gender identities and disabilities are welcomed.

ABOUT COMPANY MEMBERSHIP

One of the hallmarks of any great performing arts company is its members' cohesion of style and attack – that its members seem to *breathe together* in performance. This is no happy accident or theatrical serendipity. Such brilliance is achieved through thoughtful study and practical application.

Therefore, in 2023, Placer Repertory Theater, in the tradition of high-quality professional performing arts programs throughout the world, is establishing its *Studium-Practicum* theatrical program for continuous professional growth & development.

With curriculum modelled after world renowned MFA programs by drama schools such as Yale and RADA, all successful PRT applicants will attend two Studium-Practicum sessions per month. In these sessions, core theatrical questions are cooperatively explored in a rich, sophisticated and meaningful, facilitated process. We will be defining PRT's future through exciting theatrical discovery, thoughtful discourse and the acquisition and practical application of solid stagecraft and artistic expression. In addition to individual and group-led sessions, topical experts are hired or invited to lead sessions.

Company Member **Benefits**

- Participation in Studium-Practicum is provided free of charge to company members
- Studium-Practicum program design leads to public performances for which participants shall receive compensation
- Company Members receive first consideration for all roles in Placer Repertory Theater's main theatrical season (rehearsals & performances are compensated)
- Company Members receive first consideration for all PRT work opportunities (teaching, digital editing, etc.)
- Company Members shall be profiled and promoted in regional media.
- Company Members are encouraged to continue professional growth not only from within the organization, but through external opportunities (simultaneous with Placer Rep activities, or via sabbatical from Placer Rep).
